About your project

Please complete the following sections telling us about your project

Project title

When will your project commence?

/ /

DD MM YYYY

When will your project finish?

/ /

DD MM YY

Provide a brief description of your project including aims, objectives and the activities that you plan to undertake.

Maximum Allowed: 300 words

Please provide a location (include Local Government Area) of your project and a description of how the neighbouring land is used. For on ground works please provide street address and for education activities please provide proposed locations of workshops or events.

Maximum Allowed: 300 words

Please provide details of how you propose to monitor and evaluate your project.

Maximum Allowed: 300 words

How will you manage potential risks associated with your project? Consider risk to safety, the environment, project delivery and future risk from climate change.

Maximum Allowed: 300 words

Site plan

If your project includes on-ground works such as bush regeneration, please provide a map of where your project is located and a basic site plan indicating where the works will take place. If your project is purely educational you do not need to complete this section.

You can develop your own map using the online mapping tool provided on the LLS website. Please see the guidelines for more information on how to use the mapping tool.

If you already have a map / site plan you can upload it here.

No file chosen

Strategic objectives

Please choose ONE strategic objective that best fits your project from the two objectives listed below. Please see the guidelines for more information.

Please choose the strategic objective below that best represents your project:

- Maintain and improve ecosystem services through sustainable management of local and regional landscapes
- Projects that aim to build community awareness, participation, skills and knowledge in caring for their environment, including Aboriginal knowledge
